2. PATTERN COLOR/SHADE VARIATIONS PAGES

There are 6 different variations of this pattern in the file to give you an idea of the various looks you can achieve with your color and shade choices. You can copy the colors exactly, or mix and match what you like to make your quilt top unique!

If you cannot determine a shade from the printout, follow the text description on the variations pages; That way you should be able to determine the relative shadings as below.

Each pattern variation will call for AT MOST 9 shades of each color:

For Each Color Group: #1 is almost white and #9 is close to black

Red 1-9, Orange 1-9, Yellow 1-9,

Lime 1-9, Green 1-9,

Light Blue 1-9, Dark Blue 1-9,

Purple 1-9, Pink 1-9, Grey 1-9

Plus White (BW-1) & Black (BW-2)

Some patterns may use the same color in multiple 'Letters' of the design.

3. IDENTIFY THE COLUMNS ON 60" AND 45" FABRIC CHOICES PAGE(S)

This pattern has 15 colors/shades in its design. You can choose whatever color scheme you wish. There is a variations page that shows various different looks that are possible depending on which colors and shades you choose.

The Fabric Choice page identifies each color/shade in the pattern with a Letter or Number, number of squares of each color, and the total amount of fabric needed for the ranges of finished square sizes.

The fabric amounts listed are rounded up to the next 1/8 yard, some fabric will be left over when you have cut the required number of squares.

For easier reference, circle your finished square size column on both the 45" and 60" Fabric Choice Pages. This will help you more easily find the specific quantity of fabric needed for each fabric choice/type.

5. CUT YOUR FABRIC SQUARES

Cut all squares from your fabrics with the method you feel most comfortable with.

Each quilt top will use only one size square in its pattern. You decide which size you want the finished quilt and choose the appropriate size square according to the chart on the first page of these instructions.

All seam allowances for this quilt are 1/4";
Cut your raw squares 1/2" larger than your finished square size.

6. ORGANIZE YOUR FABRIC SQUARE CONTAINERS AND LABEL THEM

After Cutting, Place each stack/group of different color/shade squares into a separate container; A plastic bag, bowl or other container for each color/shade.

Label each container with the matching letter/color label on the Labels Page. Make sure all the containers are within reach of your sewing machine.

Fabric Square Container Labels and Row Labels

After cutting out squares, attach each Fabric Square Label Strip to the matching container for that letter/color.

Use the letter codes on the Row Pattern Pages and the fabric square containers to select the correct next fabric square to sew.

7. SEW THE REQUIRED NUMBER OF COPIES OF EACH NUMBERED ROW

The Row Sewing Instruction Pages use both color and letter to indicate the identity of each square in the pattern.

Sew the indicated number of copies of each row. Some patterns may only have one or two rows that have multiple copies, so if there is more than one label with that number, double check the Row Sewing Guide.

Individual Row Sewing Instructions

1. Sew 1 copy of this row. The labels (from label page) from #1, to beginning of each row. Cross off each square when done.

To keep track of where you are in the row, cross off each square on the pattern page as you finish adding that fabric square to all copies of each row you sew.

8. ADD LABELS FROM LABEL PAGE TO THE LEFT END OF EACH ROW

After you sew a few squares in a row, Pin the appropriate label from the label page to the LEFT/BEGINNING side of each row.

Safety Pins are a safe and hassle free way to attach the labels to each row.

These labels will allow you to sew the correct rows together without worrying about losing track of which row is which.
